

SF Tolt Relicensing and the Snoqualmie Watershed Forum

Brief update to Forum members

Nov 18, 2026

Where are we?

Pre-filing (April 2024 – July 2027)

[City files final license application – July 2027]

Post-filing (July 2027- ~July 2029)

New license issued (~July 2029?)

Where are we?

We are here ("pre-filing")

- Studies
- Reports
- Scenario evaluation

these inform:

- Project operations
- Protection, mitigation, and enhancement efforts (PM&Es)

Where are we going?

We are here

- Studies
- Reports
- Scenario evaluation

Where are we going? *(not shown: many other details!)*

We are here

- Studies
- Reports
- Scenario evaluation ← We will give input on these
- City submits items to FERC:
  - Updated Study Report (Jan 2027)
  - Draft License Application (Feb 2027)
  - Final License Application (July 2027)

  We can comment on these
- Additional information requests, if needed
- FERC issues Ready for Environmental Analysis
- FERC issues Draft Environmental Analysis ← "Motion to intervene"
- FERC issues new license (July 2029?)

We can comment on this
