- Discuss responsibilities/liabilities between satellite managers and certified operators, including the types of services that a satellite management agency can delegate to operators.
- Ecology will make a presentation on its standards, processes, and policies regarding Q/I 2m—disposition of Group B water rights when Group B systems are absorbed by Group A systems.
- Ecology and PHSKC definitions, policies, practices, and regulations regarding well decommissioning
- Broader issues discussion with King County DDES including requirements under Title 13 of the KC code and under the GMA.

- PHSKC will compile and report on utility referrals in the county for the past three years.
- DOH - information on the grant program used to help fund hookup of a small system to the Cedar River water system.
- Discuss funding sources and amounts available to agencies for regulating small water systems to determine whether the funding is adequate.
- Sarah present information on the work being performed under the interlocal agreements and policy recommendations
- PHSKC will provide members with as much information as is available on the number and locations of childcare homes in King County.
- Kaleen Cottingham chart depicting coordination among the technical committees.
- Others?
