

# 2025 CWM Grants for WRIA 7

---

*King County Water & Land Resources*

**Please use this document to reference questions in the NOI. Fill out the NOI and full application online:**

<https://www.grantinterface.com/Home/Logon?urlkey=kingcountywaterland>

## *Project Information*

---

### **Project Overview - Notice of Intent WRIA 7**

#### **Project Name\***

*The name of the project should be short (100 characters max), descriptive, and unique to make it useful for future tracking.*

*Character Limit: 100*

#### **Which CWM - WRIA 7 project type are you applying for?\***

Check the one type that best applies.

##### **Choices**

Restoration or Protection (any phase)

Riparian-only Restoration

Monitoring or Assessment

Education and/or Outreach

#### **Brief Description and Expected Outcomes of Proposed Project\***

*Provide a brief description of the project and the work to be performed (including outcomes) using grant funds. Examples of outcomes: acres restored, length of armoring removed, number of students engaged, etc. (character limit: 750 with spaces)*

*This brief description will be used as the 'project summary' and shared with Snoqualmie Watershed Forum, Flood Control District, and others.*

*Character Limit: 750*

#### **Brief Description of Methods**

##### **For Capital and Riparian Projects:**

Briefly describe the problem to salmonids or watershed health that the project is addressing and how the project will address the problem.

##### **For Monitoring and Assessments:**

Briefly describe the monitoring or research plan and associated methods that you intend to use in your project.

##### **For Education and Outreach:**

Briefly describe target audience and intended deliverables.

*This section will be used for determining right fit and readiness for WRIA 7 2025. Please see NOI Screening tool for details. The full application will ask for detail related to this section.*

*Character Limit: 5000*

### **Project Location - Lat/Long**

Provide the latitude and longitude coordinates in decimal degrees as applicable (e.g., 47.741100, -121.976600). If not applicable, leave blank.

*Character Limit: 250*

### **Project Location - River Mile**

Supply the river mile(s) in the which the project will be located. Skip this question if not applicable.

*Character Limit: 30*

### **Project Location - Parcel Number and/or Other Descriptor\***

Supply the parcel number(s), if applicable, or other location descriptors or relevant project area details.

*Character Limit: 250*

### **Sub-Basin Strategy Group\***

*See WRIA 7 – Snohomish Sub-basin Strategy Groups*

*If needed to verify project location, contact [eryan@kingcounty.gov](mailto:eryan@kingcounty.gov) for GIS file: works in iMap, ArcGIS, Google Earth.*

Check all that apply.

#### **Choices**

Mainstem: Primary Restoration  
 Mainstem: Secondary Restoration  
 Rural Streams: Primary Restoration  
 Rural Streams: Secondary Restoration  
 Urban Streams: Restoration  
 Headwaters: Primary Protection  
 Headwaters: Secondary Restoration  
 Headwater: Secondary Protection  
 Headwaters: Restoration Above Falls and Dam  
 Headwaters: Protection Above Natural Barriers

### **King County Council District\***

The Flood Control District tracks all grant projects by Council District. Please confirm that your proposed project is within District 3 of King County.

If you have an address for your site, use this link: Find My Districts ([arcgis.com](http://arcgis.com))

If you don't have an address, use this link: [map of current district boundaries.](#)"

#### **Choices**

King County District 3 (District 3 encompasses all of the King County portion of WRIA 7)

Not Sure

## Site Map Upload

For acquisition, restoration, and/or protection projects, an uploaded site map is required.

*File Size Limit: 30 MB*

## Other upload

Use this upload for any other file relevant to the NOI. Not required.

*File Size Limit: 30 MB*

## Is the project scalable?\*

### Choices

Yes

No

Maybe

## Context for Scalability

If you selected 'Yes' or 'Maybe' to "is the project scalable", describe how the project can be phased, scope reduced, or expanded?

*Character Limit: 2000*

## Partnership and Relevant Communities

### Formal Project Partners\*

Identify each entity that will be partnered with your organization to complete the project (Formal Partner).

List partners and their respective roles for the project.

*Character Limit: 3000*

### Key Collaborators and Interested Parties\*

1. Who are the key partners and interested parties?
2. Have they been engaged?
3. If so, how?
4. If not, outline your plan and associated timeline to do so.

Include adjacent landowners, local jurisdictions, tribes etc.

*Character Limit: 10000*

## Equity and Social Justice Approach (Max 5 pts. in full application)\*

How will the project reflect equity and social justice in the project design and/or implementation? (ex. Are underrepresented groups being considered in the distribution of potential benefits and risks from your proposed work?)

See Equity and Social Justice 2- Page Guidance

*Character Limit: 7000*

## **Budget**

### Total Amount Requested\*

*This is the amount you are requesting in CWM Grant funds. Do not include match nor leverage in this number.*

Notes:

There are NO project maximums for award request, However, it is expected that final awards will align with averages from the past five years, depending on number and quality of project proposals submitted to the grant round.

Five-year average for 3-year contracts:

- Capital Restoration and Protection: \$220K
- Capital- Riparian: \$80K
- Monitoring and Assessments: \$70K
- Education and Outreach: \$40K

*Character Limit: 20*

### Budget Spreadsheet\*

Please fill out the linked budget spreadsheet and, once completed, upload it here using the upload button below.

We understand that you may not have specifics. Please try to get a good approximation of your total costs for the budget. It is expected that your grand total in the Final Application budget will be no more than 20% higher than the estimate provided in the Notice of Intent to Apply.

*File Size Limit: 10 MB*

### Total Leverage\*

Neither match nor leverage are required for the CWM grants.

Leverage is *considered* during evaluation, ranking, and funding conversations.

*This is the amount of matching or leveraged funds you anticipate being available for this project. Include cash match and in-kind match, with volunteer hours valued at \$28.54/hour. In*

*the full application you will have space to share details.*

*Character Limit: 20*

**Secondary Contact\***

*Please list an additional contact person for this proposal.*

*Character Limit: 250*

**Secondary Contact Email\***

*Character Limit: 254*
