Monitoring Prioritization Project

Goals

- Update Cooperative Watershed Management (CWM) Request for Proposals (RFP)
- Clarify monitoring and assessment priorities

Objectives

- Streamline ranking guidance
- Prioritize what we want to learn/what answers we need

Project Team

- Forum staff (Norah Kates, Kaitlin Harris)
- Environmental Science Associates (ESA)

Status: Completed 
Total Cost: \$38,540.25

Outcomes

1. Convened work group

- Tulalip Tribes, Snoqualmie Tribe, WDFW, Wild Fish Conservancy, King County, Forum staff

2. Project effectiveness monitoring scoring criteria (updated)

- Priority project characteristics

3. Prioritized research and monitoring questions (new)

- Priority issues and concerns
- State of knowledge

Timeline and Next Steps

 = Workgroup workshop
Green = Complete
Blue = Ongoing
