

WRIA 8 thanks you!

There were meetings....
...lots of meetings...

There were
speeches and
media events...

There were lots of tours...

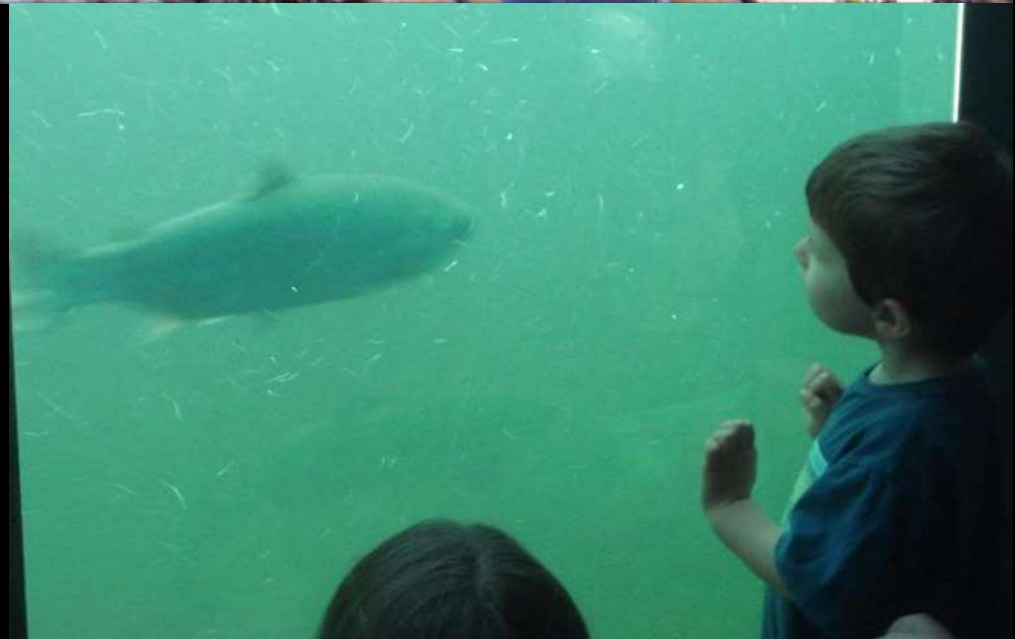

...and the
infamous annual
Cedar River raft
trips...

...and opportunities to develop the next generation of salmon – and their champions!

Even the chance to ride a horse!

Thanks from all the WRIA 8 staff over the years

Your leadership has helped
ensure our watershed
remains a place where
salmon and people can live
together

**THANK YOU
LARRY!**

We hope to see you
down the trail!

...maybe even at the new Larry Phillips Natural Area
