Date and Time	Location	Potential Topics
		<ul style="list-style-type: none"> • 10-Year Plan update: recovery strategies (information) • Success Story: TBD
Salmon Recovery Tour Friday, October 7	TBD	<ul style="list-style-type: none"> • Project sites TBD
Thursday, November 17 3 - 5:15 p.m.	Dept of Ecology Northwest Regional Office	<ul style="list-style-type: none"> • Four-Year Work Plan project list review/approval (decision) • 2017 meeting schedule (updates section) • 10-Year Plan update status and next steps • Success Story: TBD

Other Meeting Topic Ideas:

- King County Conservation Futures (David Tiemann)
- King County Mitigation Reserves Program (Michael Murphy and/or Megan McNeil) – including dock and pier replacement fee to support WRIA 8 priority restoration projects
- King Conservation District shoreline and riparian restoration programs
- Ecology update on the municipal stormwater permit – potential draft letter from SRC to ECY supporting flexibility for local governments to use salmon recovery priorities to meet permit requirements.
- Cedar River Corridor Plan update (King County Rivers Section)
- WRIA 8 specific climate change presentation – Seattle Public Utilities, UW Climate Impacts Group, King County, The Nature Conservancy, others?
- SalmonSafe certification program
- Orca listing and nexus with salmon recovery
- Assessing land use effects and regulatory effectiveness on streams in rural watersheds of King County
- Continued discussion/consideration of alternative funding sources for multiple benefit watershed health priorities
- Willowmoor (Sammamish Transition Zone) Restoration project
- King County Mitigation Reserve Program and projects being done through mitigation
- Steelhead recovery update
