DRAFT WRIA 8 2018 Budget

¹ Lead Entity funding has decreased from 60,000 to \$45,658 since approved 2017 Budget. Future grants dependent on federal and state appropriations

² Puget Sound Acquisitions and Restoration project development grant funds dependent on \$30M state legislative appropriation.

³ The Puget Sound Partnership Plan Update grant awarded \$125,070 to WRIA 8 for work in 2016-17. This grant will end 6/30/2017.

⁴ Cost savings carry forward balance is from staff salary savings and ILA funding offset by grants and sponsorships carried forward from previous years. As of 1/01/17 total available carry forward balance is \$168,037. The 2018 carry forward cost savings balance will depend on final 2017 expenditures, but is expected to be slightly higher than \$168,037.

⁵ Salaries and benefits calculation assumes a 3% labor growth for 2018 and 2.8% for 2019 based on King County Financial Planning Assumptions and Guidance (2017-2026). The rate includes general wage increases, cost of living, benefits and retirement.

⁶ Overhead is calculated based on a per staff estimate of King County administrative cost distribution (\$50,807 per FTE in 2018 and \$52,738 in 2019). Overhead cost includes Department of Natural Resources Director's Office, Water and Land Resources Division Director's Office, graphic and GIS systems support, Human Resources, financial management, Office Support Services, and King Street Center building rent and maintenance charges.

⁷ Supplies and services calculation assumes a 2.6% general inflation for 2019.

⁸ Additional expenditures for 2018 and 2019 will be dependent on availability of fund balance and based on priorities approved by the Salmon Recovery Council (SRC).

⁹ Carry forward fund balance in 2018 is available to advance priority actions identified through the Plan update and/or to fill revenue gaps due to federal and state funding reductions. The same applies to the 2019 carry forward fund balance.
