

BEAR CREEK FISH TRAP

City of Redmond, Department of Fish and Wildlife, Nature Vision,
Washington Conservation Corps, and Redmond Elementary

Students Exposed to Science

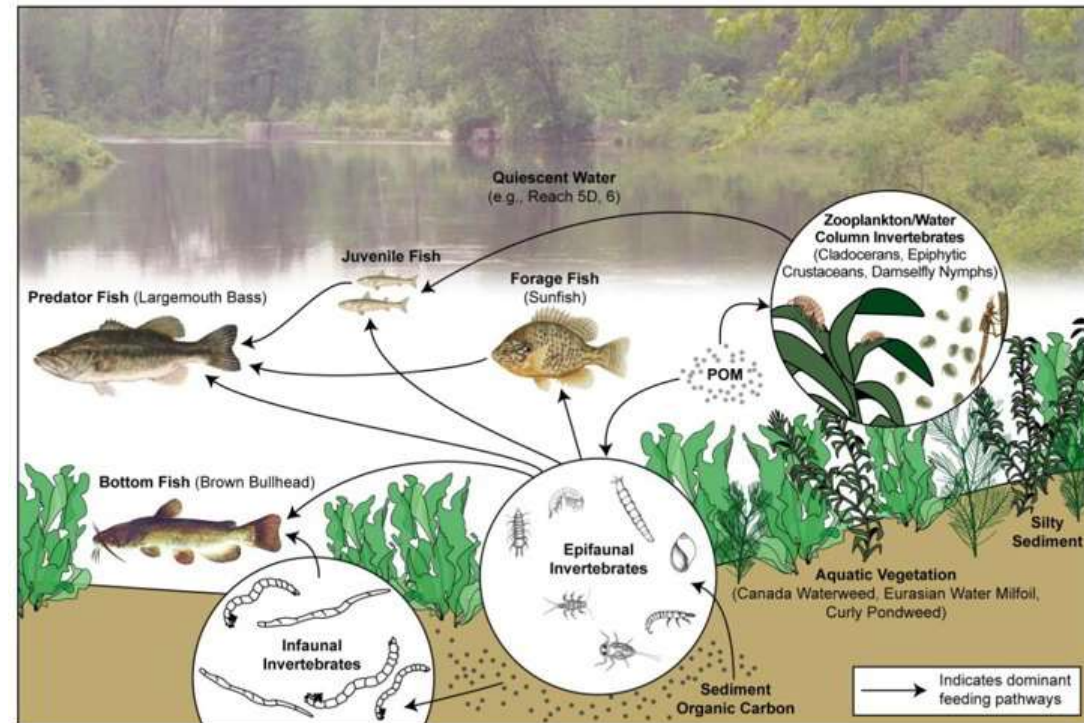

Inspiring a Sense of Wonder

“Hey you have cool creek in your City! It has got cool fish in it.”

-Peter Holte

“Tell me and I forget, teach me and I may remember, involve me and I learn.”

- Benjamin Franklin

Raising Awareness

- May 30th and 31st, 2017
- 100 students from Redmond Elementary walked to Bear Creek to experience hands on science!
- Classes spent one hour with live aquatic samples to learn more about salmon and what they need to survive.
- Students shared ideas about how they all can make a positive impact in their local watershed.

Becoming Stewards

Observe macroinvertebrate samples from the creek

Observe fish samples from the trap

Teacher Feedback

“The field trip to the rotary screw-trap for fish at Bear Creek was AMAZING!!!! All the folks did a fabulous job of presenting. Michelle, Katie, and the Washington Conservation Corps were outstanding!! Thank you so much for letting us enjoy this science/environmental experience.”

- Marti Burton
