

## WRIA 8 Salmon Recovery Council Leadership Selection

---

### **Background**

In 2018, the Salmon Recovery Council (SRC) updated its operating guidelines to establish selection of a Chair and Vice Chair every two years on even years. Interest in the leadership positions was solicited at the September SRC meeting.

Current SRC Chair, John Stokes, City of Bellevue Councilmember and Vice Chair, Mark Phillips, City of Lake Forest Park Councilmember both expressed interest in continuing in their current WRIA 8 leadership roles. Diane Buckshnis, City of Edmonds Councilmember, expressed interest in the Vice Chair position, but only if Mark Phillips was not interested in continuing in the role. No additional interest in either position was received from other Salmon Recovery Council members.

### **Decision**

The Salmon Recovery Council should consider approval of John Stokes and Mark Phillips as WRIA 8 SRC Chair and Vice Chair, respectively, for 2021-2023.
